

## EDITOR'S NOTE

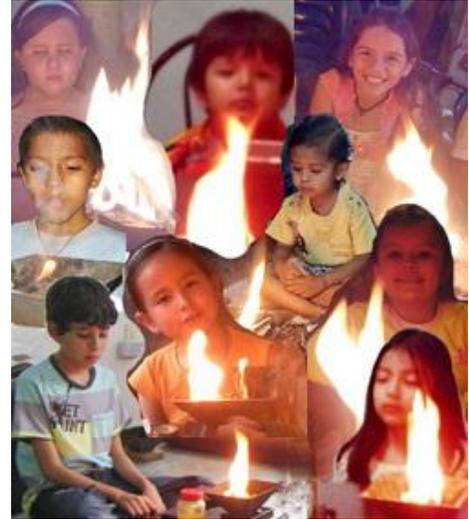

### THE SOLDIERS OF LIGHT

Why are there soldiers? It is said that necessity is the mother of creativity. Thus, the soldiers are called in special situations for:

1. The defense or protection of people who can be attacked by a foreign or domestic enemy.
2. To set the order in conflict areas.
3. To keep the peace.
4. To assist in rescue operations.
5. To mitigate the impact caused by climate change and / or natural disasters.
6. To defend, resist, attack, neutralize the enemy of the people.
7. Others.

But, are we at war? Let's see. If we do a superficial scan, we see that many wars are being fought in regions such as Syria, Israel / Palestine, Iraq, Afghanistan, India / Pakistan, Colombia, Africa, Peru, etc. We also see that there are serious battles related to such issues as:

**EDITOR'S NOTE cont.**

**Note:** *we are not only adding poisons to our environment with our urban waste, sewage, industrial waste, etc., but some are deliberately spraying fields and many cities with harmful substances (Chemtrails).*

**We can continue:**

- a) witnessing this scene with indifference
- b) to look away
- c) to remain asleep or anesthetized
- d) to deceive ourselves into believing that this is happening to few people and never it is going to happen to us
- e) other

**As you know, the root of these problems is a "sick mind" with greed, selfishness, envy, lust, anger, fears, etc. For these diseases, there are no pills, no injections, no surgeries, etc. Of course, the solution is in the "Know**

**yourself" and the practice of "Unconditional Love" towards others, yourself and the God that resides in all.**

**The Fivefold Path (Agnihotra, Daan, Tapa, Karma and Swadhyaya) helps us to wake up, look outward and inward and perceive clearly that the Divine is everywhere. Thus, we can respond with courage in these wars. We can empower ourselves with the Agnihotra pyramid as a firearm that fires Energies of Love and Nutrition which bring balance to the environment and all beings.**

**So easily, we all have the opportunity to become Soldiers of Light. Come to the Frontline. With Light and Love, we are always destined to succeed.**

## HOMA HEALING STORIES

**Ana Maria Alvarado**  
**Armenia, Colombia, South America**

"I want to share an experience with you. **I had problems with my son. He is 20 years old and he has been very rebellious, very aggressive and very difficult.** I think he still has not yet passed adolescence. 2 weeks ago, I started doing Agnihotra at home. He told me that it smelled ugly and asked what for it was. However I said, you can join me whenever you want. Last week, he saw me doing Agnihotra in the garage and he came and sat right next to me and surprisingly he put his hands respectfully near the fire and then placed them over his head, chest and stomach. The next day he asked me: "Aren't you going to do the fire?"

***The truth is that he has already changed his behavior. He greets me nicer, he is quieter and he does not fight so much with his sister. I truly see that the fires make him change. Now I'm putting the Agnihotra ash in his hot chocolate. I'm also putting it into the species, salt, pepper, etc. Now in my house, everything has the Agnihotra ash: it is in the soup, juice, everywhere."***

**Rosa Eulalia López Pedraza**  
**Bogotá, Colombia, South America**

"I am 65 years old. **3 years ago, I was hospitalized for pneumonia. Since that time, I am suffering with the lungs.** They did some tests and told me that I was in a bad shape and that I should continue with medication. And since then, every time I walked one or two blocks, **I had difficulties breathing.** Even if the path was flat, I had to stop. It was even much harder when I had to climb stairs for I had to stop more often to breathe.

***However, after one week of coming to the Homa Center of Bogota and taking the Agnihotra ash, I could breathe well.*** Now I can walk upstairs to the third floor of my house or even climb a small hill and I do not have any problem breathing. **I feel very good. I sometimes used inhalers, but now I have not even looked at them again. I'm not taking any medication and do not need to visit a doctor.** That was my first experience.

My second experience was **that I was suffering with constipation and had nine days without a bowel movement. I felt I was about to blow up! I decided to take Agnihotra ash with all the liquids. Now I feel great and I have regular bowl movement.**

It also had **terrible colic pain** which ***gradually disappeared and now it is gone. I feel wonderful thanks to my discipline with Homa Therapy. I have been coming to the Agnihotra session every Thursday for the last 2 months.*** I am the mother of Amparo whose arm got healed. She was very skeptical in the beginning, but now she is the first one getting ready to go to the Homa fires. I've noticed that she has a lot of faith in Homa Therapy. She truly has changed."

**HOMA HEALING STORIES**

**Amparo Morato Lopez**  
Bogota, Colombia, South America

"I am 42 years old. At the moment, we are in the community hall of Santa Barbara, the new Homa Center of Bogota. I had a **car accident that left some aftermaths in my body.** My arm (the radial and ulnar bones) was hurt. Several surgeries were made, **but I could hardly move my arm. And thanks to taking the Agnihotra ash and applying it regularly with ghee, the pain became less and I can move my arm much better. This is due to Homa Therapy.** (On the photo Ms. Amparo shows how much better she can mover her arm now.)

**I was taking morphine since last year. Now, I have two months without morphine for the pain disappeared and I can move my arm even better. Mr. Javier and the neighbors are witnesses that I could not move it. Even after rehabilitation therapy, I had very little movement. With Homa, now I do not need the morphine and I have more movement."**

**Bella Venice Amaya**  
Armenia, Colombia, South America

"I am 58 years old. I have come to the Homa Medical Center (HMC)'La Botica de la Abuela' for the healing fire sessions for one and a half months. **I had problems with my son. He was very difficult. He was very proud. And last night, when I came home, after I participated in the Homa fires, he approached me, hugged me and kissed me. He was not a loving person. He has never done that before."**

**Jenny Lopez Salcedo**  
Armenia, Colombia, South America

"I am 52 years old. I have had problems with osteoarthritis in my knees for about 3 years. That was when the doctors discovered it, because the truth is that I have had this problem longer. During this time, I have been taking anti-inflammatory medicines and I was told to stop jumping. I could not climb stairs, but I live in a 4th floor and the building has no elevator. So, **3 ½ months ago I went to the massive Homa healing event in the SENA Institute. There, I learned about Agnihotra and Ayurveda. That was on a Saturday. On Sunday, I could kneel to pray in church and I could do many other**

**things that were impossible for me before. Now, I feel no more discomfort in the knee. I can bend it without any problems. This has happened to me by only coming once a week to the Agnihotra sessions in the Homa Medical Center 'La Botica de la Abuela' and taking the Agnihotra ash."**

**HOMA FARMING - THE SOLUTION FOR THE FUTURE OF OUR PLANET!**

**Agronomist Eng. Orlando Salinas Perez**  
**Sta. Helena, Peru, South America**

"I am an Agronomist and when I worked in Tingo Maria, doing grafting, I met a local farmer, **Mr. Manuel Muñoz, who talked to me about Homa Therapy.** Then, I did not pay much attention to it. The next day **I found him doing a Homa fire and later we passed through his land and all small cocoa seedlings were sprayed with ash from the Agnihotra fires.**

**After 2 years, I returned to buy several seedlings for propagation in other farms. I found the farm of Mr. Muñoz, and expected little production. However, it appeared to be a 5 year old cocoa plantation and the production he had with the Agricultural Homa Technology was Big. It was fantastic."**

**Gloria Patricia Gaviria**  
**Armenia, Colombia, South America**

"I had a plant that was dying. I loved this plant, **but I noticed that it was getting worse every day. I did everything to help it to come alive again, but nothing.**

When I started coming to the **'Homa Medical Center La Botica de la Abuela', and taking Agnihotra ash, I thought I could give it some Agnihotra ash too.** This little plant was in such a bad shape,

that there was nothing to lose. **And I began to put Agnihotra ash in the soil and I noticed that the little plant became stronger and it started to grow. And it developed more little plants. Now, it is lush, beautiful and I am happy with my plant. Then I started to put a bit of Agnihotra ash into the irrigation water. All my plants are beautiful now ! This Agnihotra ash is so powerful! There are so many loving energies at the time of Agnihotra that the ash gets charged with much positive energy. It only took about 3 weeks to see the changes in my plants."**

**Planting Organic Homa Curcuma**  
**Photo left:** Today, 30th of May, we are planting our turmeric. First, we have kept the planting material watered and in the

shade. **(Daytime temperatures of more than 45 degrees are common in May).** Now, we are soaking the rhizomes in a mixture of our organic Biosol bio-enhancer together with ash from our Agnihotra Homa fires. Then we are planting them along the drip irrigation lines.

**Photo right:** This photo was taken on 9th September (approx. 3 months later). As you can see, **it has grown very well. We are expecting a very good harvest.** In the photo you can see Sanjay (left) and Deepak.

**EVENTS in ARMENIA, QUINDIO, COLOMBIA, SOUTH AMERICA**

**Armenia, Homa Medical Center (HMC) ‘La Botica de la Abuela’**

From Monday through Friday, people come to be in front of the Agnihotra fire to find relief from their health problems, family problems, stress at work, etc.. And they accomplish this in the few minutes in front of the Agnihotra fire and taking its healing ash. **(Photo above)** On Thursdays, after Agnihotra, there is collective singing along with the **"Women's circle of healing."** (Photos below show Oriana del Mar with her drum teaching us a lovely Indian song which cheers up our hearts.)

**EVENTS in ARMENIA, QUINDIO, COLOMBIA, SOUTH AMERICA**

We are following up on the young folks from Fenix and we are happy to see that they are keeping the Homa fire disciplines every day (Agnihotra, Tryambakam, etc.). They are also radiant and happy as most Homa families. (Photo left)

**Armenia, Homa Medical Center 'La Botica de la Abuela'**

Sometimes, there are so many people attending Agnihotra, that the balcony doors have to be

opened in order for people to participate from the outside. Prof. Abel always shares some interesting stories about Homa Therapy and responds to any questions. Everybody leaves content and receives Agnihotra ash. (Photos above and left: achieving inner and outer peace through practicing Agnihotra.)

## EVENTS in SALENTO, COLOMBIA, SOUTH AMERICA

Visiting **Anthakarana**, an eco-village in the mountains, which is far from any external influence. It is a creative, loving, healing and inspiring community.

Just a few chosen guardians live in these mountains, caring and living with nature and not only accept her challenges, but also turn them into a force of growth and spiritual knowledge. These people are very special, cheerful and happy. It seems they belong to another century.

They expressed their wish to resume the practice of Agnihotra.

When we did a Vyahruti Homa, for a few moments we were captured by a whispering wind, bringing a fresh breeze and letting us know the joy of the mountain spirits. It seemed they were communicating gratefully with the Homa fire. It was a wonderful experience.

Deyanira, Bahamar, Nicolas, James, Oriana del Mar, her husband Osiris and their little daughter, Taini, shared a delicious vegetarian meal with us. We have been blessed by visiting this sanctuary in the mountains. **Anthakarana offers creative workshops related to Reiki, sweat lodges, music, dances, etc.** (Photos: Eco-village Anthakarana. They made their own houses and buildings. They have a greenhouse for vegetables. They also raise goats, geese, etc.)

**EVENTS in TENJO, COLOMBIA, SOUTH AMERICA****Homa farm in Tenjo, Cundinamarca, Colombia**

As soon we reached the Homa farm of **Madre Maria Teresa Nuñez**, we started the **Rudra Yagnya** (see photo left) in the company of some **Agnihotris** who had come from different parts of Bogota and the surrounding towns and villages. **It was a special day:** full moon, solar eclipse and alignment of Venus with the earth and sun.

**The Rudra ended with many Agnihotra fires** (see photo below) and we all felt an immense peace and tranquility. We felt like floating on clouds, free, connected only to Divine Grace. We felt a deep desire to grow in spirit and strengthen our service to the planet with these wonderful Homa fires.

This day we had much to share, many experiences to tell, many hugs, love and smiles to give. Later, we also shared some of the latest Homa healing video clips that had occurred recently in Armenia. **Everyone was watching carefully and astonished by the miracles that happen with the constant practice of the Homa fires.**

**EVENTS in TENJO, COLOMBIA, SOUTH AMERICA**

During our stay, we did Agnihotra in different parts of the farm. The sites of the **“Crystal Virgen”** (photo below left) and the **“Virgin in the Fountain of Gratitude”** (see photos below second row) are very special places. The Agnihotra hut also vibrates with strong healing energies. In the evenings, Prof. Abel did Agnihotra in the Tryambakam hut with the many visitors who arrived daily. **We also celebrated the birthday of Maria Teresa with a special fire before a wonderful breakfast outdoors.** (photo below right)

**NOTE:** Homa Therapy (HT) has a universal character, similar to the Mathematics, Physics, Chemistry or other Sciences, because HT comes from the Science of Ayurveda. Therefore, HT is not connected to a particular religion and it respects all religious beliefs.

In the afternoon we visited the school 'FACE' in Tenjo. *This is a school whose ideology and methodology is based on cooperation and not on competition.* The founder, Prof. Margot Pellegrino, received Homa Therapy with an open heart. Julian Acosta and his wife, Yolanda Mahecha, whose children study in FACE, organized this meeting.

(Photo left: audiovisual presentation of Homa Therapy to the administrative personnel and the teachers)

**School FACE, Tenjo**

On the next day, the director arranged all students (approx. 180 from 4 years to approx. 18 years of age) and teachers in 3 main groups to be with Prof. Abel who presented the Homa fires and did **therapeutic yoga** with all. Old and young enjoyed the yoga movements. (see photos this page)

Mrs. Yolanda Mahecha and her son Lucas started one of the classes with a Vyahruti Homa. (see last photo this page)

**EVENTS in TENJO, COLOMBIA, SOUTH AMERICA**

The students and teachers enjoyed the Homa fires with the Yoga classes that Prof. Abel designed according to their age and abilities. There were many laughs and smiles and everyone tried their best doing the asanas. Many of the students and teachers realized that they have to work harder to keep their body flexible and in good posture for better health. (see photo above and right) In the afternoon, we met again met with all teachers to learn the Agnihotra Mantras and the

**Tryambakam Homa. The owner, Prof. Margot Pellegrino, was the first to get an Agnihotra kit for her personal practice and one for the school.** Also the administrative head, **Mrs. Conchita Neira**, and several teachers reserved their Agnihotra kits. **Julian Acosta** and his wife **Yolanda**, committed to visit the school every morning to practice Agnihotra and later on introduce the Tryambakam Homa to each class. (Photo below left: the owner, Prof. Margot Pellegrino practicing Tryambakam. Photo below right: Aleta teaching the Tryambakam Homa to the teachers and school staff)

**EVENTS in BOGOTA, COLOMBIA, SOUTH AMERICA**

We visited the **new Homa Center of Bogota, which is in the caring hands of Javier, Wendy, their daughter Andrea and Maria Teresa.** We heard wonderful testimonies of the people from this neighborhood. They come every Thursday to the Homa Center to participate in Agnihotra and receive the healing ash. (see testimonials in the pages "**Homa Healing Stories**"). We were delighted to see **this young**

**family dedicated to serving their community.**

Every Saturday, **Dr. Jesus Orlando Gomez and his wife Julia** celebrate evening

**Agnihotra with guests in their home. After the fires, Dr. Gomez starts devotional songs and prayers that help open and illuminate the hearts even more. We are very grateful to have participated in this lovely meeting. (see photos)**

**EVENTS in VINO DEL ALTO, COLOMBIA, SOUTH AMERICA**

**Mrs. Norma Rodriguez** (photo left 1st left) from Vino del Alto, after hearing a talk by Prof. Abel in Tenjo about the **benefits of Homa Therapy and Homa farming**, requested to have a **Homa Resonance Point (Power Center)** on her farm.

The next day, at the farm, Prof. Abel gathered all the workers to explain the health benefits of the Homa fires. **Each one of them has at least one family member with health problems.** This fact made them more enthusiastic to learn and practice **Homa Therapy in this healing Agro-Eco-Tourism project designed by Mrs. Norma.** Mrs. Norma and all her workers gave their best wishes for the development of this project during the activation. All sat in silence, enjoying the beauty of the moment. **Even the newborn calf, named "Prema" accompanied us.** (see photos this page)

**EVENTS in TENJO, COLOMBIA, SOUTH AMERICA**

**TENJO, HOMA FARM**

*Every day people came to the Homa farm in Tenjo, interested in experiencing, learning and knowing more about Agnihotra healing fire.*

(photo left)

*In Bogota, we had an Agnihotra meeting in the office of "Monarch Shows", a company that provides entertainment with giant fireworks! Madre Maria Teresa, Mrs. Claudia and Ms. Carmiña practice the Homa fires there every day. (photos below)*

**EVENTS in ARMENIA, QUINDIO, COLOMBIA, SOUTH AMERICA**

*On Thursdays, the women arrive an hour before Agnihotra. They create their healing space, share ideas, songs, dances and the Homa fires. Then they take this joyful awakening back home,*

*to work, to their friends,...*

*Whenever **Mrs. Martha Helena Hoyos** participates, there is great joy. She is a communicator, publisher and singer who shares much useful and practical knowledge.*

***Prof. Abel** instructs yoga classes in the **HMC La Botica de la Abuela** on some Tuesdays, Thursdays and Saturdays. These classes strengthen the physical body, the will power, perseverance and make us feel good. The young people from Fenix participate whenever possible.*

*Every Yoga class starts with a Vyahruti Homa in order to synchronize our bodies and minds.*

**EVENTS in ARMENIA, QUINDIO, COLOMBIA, SOUTH AMERICA**

Practice of Agnihotra after the talk with **Prof. Nestor Ocampo** (ecologist and environmentalist). The HMC La Botica de la Abuela had invited him to inform all of us about the latest environmental developments in the area of Quindio and Colombia (see photos this page)

**He reported worrying facts:**

- a) almost all sources of water are purchased by large companies or multinationals
- b) there are many problems with irrational mining
- c) Mega-mining
- d) construction of tunnels with dumping of chemical pollutants into the water supply of towns
- e) and much more...

**Thanks God, we have THE SOLUTION: massive practice of AGNIHOTRA. So let's share the Agnihotra fire, knowing that we have in our hands a very powerful instrument for decontamination.**

EVENTS in ARMENIA, COLOMBIA, SOUTH AMERICA

♥ INTERNATIONAL ENVIRONMENT DAY ♥

On World Environment Day, Bahamar, Nicolas and Jaime from the eco-village 'Anthakarana' were the first ones to start the day with fasting and meditation in the park 'Sucre' in the center of Armenia.

Then Dora and Aleta arrived to start the Tryambakam Homa which was continued until evening Agnihotra (photo left). Oriana del Mar and her mother Deyanira arrived with friends to draw posters and inform the public. (1st row of pictures above: Heidi van Hoof from Holland drawing a Homa poster; Andrew (Yoga teacher) and the youth from Fenix with friends drawing and doing Tryambakam Homa.) The singer Lukas, his wife Monika and their musician friends delighted everyone with a wonderful concert. (photo below)

## EVENTS in ARMENIA, COLOMBIA, SOUTH AMERICA

### ♥ INTERNATIONAL ENVIRONMENT DAY ♥

*Throughout the day there were activities such as indigenous dances, playing drums, singing, etc. guided by Jaime, Oriana del Mar and Deyanira, involving the visitors in celebrating the Environment Day in a sacred and conscious manner.*

**The time of Agnihotra was magical and mother Dora shared her experience:** *"We were sitting under the Ceiba tree, in the center of the park and the Agnihotra fires were burning when the wind shook the branches of the tree which generously dropped many dry and semi-dry colorful leaves throughout the park. **This was its way to accompany us with its own music and join the Agnihotra Fires and Mantras.** Nature was revealing great joy at this sacred time." Thus this day ended with lots of love and gratitude in our hearts.*

## EVENTS AROUND THE WORLD - PIRQUE, CHILE

**Ms. Angelin Gonzales** writes from Pirque, Chile:

"I am sending you some photos from a Homa fire we did with some friends from Pirque. I hope that slowly I can invite more people to take part in this beautiful experience. Hugs."

## EVENTS AROUND THE WORLD - GUAYAQUIL, ECUADOR

**Mr. Ivan Urueta Sanchez** writes from Guayaquil, Ecuador:

"We would like to share with you some of the activities done in the **Therapeutical Center Iluminaris** of **Mr. Jimmy Paredes**. We are teaching and expanding Homa Therapy. We are **Raul, Mariana, Rocío, Lalo and Roberto** among others. With much love we are sending this photo from the Center Iluminaris, dated 20th of May, 2012, the day of the solar eclipse."

## EVENTS AROUND THE WORLD - WETTENHAUSEN, ALEMANIA

### The Homa Association from Heiligenberg sent following article:

"The German organization "Bund für Umwelt und Naturschutz" (Organization for Environment and Nature Protection) from Kammeltal had invited the "Verein für Homa-Therapie e.V." (Association for Homa Therapy) to give a lecture about Agnihotra. This event took place in Wettenhausen, southern Germany.

The evening meeting started with the performance of Agnihotra which was done by Hans Daikeler and Bernd Frank (both from Homa-Hof Heiligenberg). A pleasant atmosphere spread immediately.

The ensuing slide presentation imparted the origin, practice and applications of Agnihotra. Photos of Homa-Hof Heiligenberg were presented to illustrate the excellent effect of Homa on the cultivation of vegetables. They were complemented by pictures from Prof. Abel Hernandez demonstrating that the Homa applications persuade innumerable people in other parts of the world – as for example in Central and South America - to practice Agnihotra.

Amongst the participants, **there were some organic farmers who were happy to know a simple and practical instrument to help against the enormous present-day pollution of the environment. They will adopt this technique and start experiments on their fields and gardens with Agnihotra ash.**

Some 20 km away from Kammeltal, a nuclear power plant had been erected. Since the nuclear accident in Japan, many of the residents are worried about increased nuclear radiation. ***A possible help through the performance of Agnihotra is like a gleam of hope for many of them.***

**Some participants reported that for the last few years the sky has been clouded by chemtrails and a cloudless blue sky is seldom to be seen. Nationwide researches showed that harmful chemical substances from chemtrails find their way into the ground water. ***If Agnihotra and Agnihotra ash are able to neutralize these toxic substances, many desperate people at last would have found a solution.*****

**This Homa meeting created a new positive outlook for the participants; ***they know that they are able to purify the atmosphere, soil and water, and to restore the ecological balance through the practice of Agnihotra - for the benefit of humans, animals and plants. It has been a blessed meeting.*****"

**MONIKA'S HOMA HEALTH CORNER****Pharmacist Monika Koch, Germany****WHAT DO I NEED TO BE HEALTHY?  
KINESIOLOGY**

Today I want to tell you a story, that has actually happened in the pharmacy:

A lady told me about her severe **pain in the shoulder, which extended up to the neck**. She told me that she had already tried everything, painkillers, heat therapy, injections for inflammation and she had even received a treatment from the chiropractor. She had tried everything, but the pain always came back. She was very desperate because of this permanent pain. Out of sheer desperation, she asked what else she could do.

If you want to find out what can help a person in its current situation, this is very easy to test. Anyone can do this with a simple arm-muscle test (learn more about this under 'Kinesiology'). Stretch your arm straight to the side and ask a friend to push it downwards. This way one can easily determine the muscle force at this moment. Now for example, hold in the other hand a drug or an herb, and repeat the same muscle strength test. If you have more power to counteract the downward pressure, then the substance you are holding supports the vitality of your body. If the muscle strength remains the same, the substance is not enhancing your health. And if the arm muscle is weaker, then the tested substance will burden your system.

***With this muscle-test, a biofeedback system of the body is used to respond directly, because the muscle tension is a direct feedback of the functional state of the body. And it is interesting that even holding a note of the substance or herb written on a piece of paper is sufficient to test it.***

This way one can test first the neutral muscle strength (without holding anything in the other hand) and then repeat the same test holding Agnihotra ash. One can clearly see how just Agnihotra ash is capable of supporting the body's health.

I advised the lady, mentioned above, to additionally test magnesium (to relax possible micro-spasms in the blood vessels), as well as vitamin B complex (vitamin B1, B2, B6, B12, to stabilize the pain transmitting conducts) and magnet-patches (1000 gauss field strength to improve blood circulation).

After a few days the lady came back happy and told me that she had tested many different substances this way and that she had received complete healing from her pain with 300 mg Magnesium tablets for 5 days.

This is just one example of how anyone can easily test what is supportive to one's health - and if necessary even in advance, before buying and taking different medicines, without knowing the effect.

***And again, it is very impressive to see how Agnihotra ash supports the strength and health of the body in an easy, wonderful and organic way!***

**MESSAGES FROM SHREE VASANT**

*Practice this today. Where is the question of NOT feeling joy? Do Mantra. Let only HIS words come from your lips. Wait before speaking as if you had a filter between your thoughts and your speech. That filter screens your thoughts and only allows those of Purity and Light to come through. You come to know that you are the thought, the word and the filter. This is how you learn control of speech.*

*More meditations. More silence. Inculcate wisdom through silence. Have no judgment.*

*What is occurring now is there is a great surge of energy circulating now. Those who are prepared are being brought into that higher state. Then the energy can be fully activated for this higher work on the planet.*

*Because you expect to be down, let down, you try to become depressed or worried or afraid ahead of time. It is like rejecting a person before they reject you. It is foolish. There is no reason to be depressed. Just make consistent effort.*

*You see one level and feel some of the energy on another level. However, there is so much more you cannot imagine. A person is kept in that very innocent state because what is being done through him is not what can be understood on an intellectual level. Because you don't know what it is but still you have respect for it, this energy can operate. You can be used as an instrument more and more. THIS IS A TIME FOR FULFILLMENT.*

## ORION TRANSMISSIONS

(as received by Parvati Bizberg, Poland)

### On Orion and Planetary Survival

Yes, yes. You are in touch with our galaxy. We must comment that it comes as a surprise how much value is placed on the word of those with far less awareness in regards to the state of affairs about Orion.

Firstly, the existence of myths regarding Orion is far-fetched, far-flung outcries of imagination which have the capacity to cause confusion in an otherwise clear field.

Indeed, if one researches the Orion constellation and its influence on art, architecture, and even land masses on this very planet through the ages—from Egyptian culture to Tibetan culture, from then till now—one will unearth a myriad of positive historical significance. Do not give these foolish meanderings of science fiction writers a chance to introduce fear into your minds.

***Believe what you experience. The rest—let them believe as they wish. TRUTH will triumph in the end. In this case, Truth will triumph in the very near future.***

We are amused by the shenanigans on your planet today. We find the obsession with alien fears a sad affair, considering all that is being done by interplanetary beings to save and gently guide your planet to safety. OM.

**It is true. It will come to pass that nations will rise up against nations. It is true that whole landmasses will be swallowed by the mighty seas. In the end, there will be tidal waves, catastrophes and turmoil. *Yes, but civilization will not end. It will survive by efforts of a few and not by many. Stand to be counted as one of the few for whom saving planet Earth from destruction is of urgent demand. And, it is a gift to all humankind that this planet be saved. To this end, we remain fully devoted.***

**We are, Orion.**
